

# SOUTH AFRICAN CLIMBING ACADEMY

## Enrolment Form: NQF Abseil Guide

**SAQA Unit Standard: 9283 Provide a guided single pitch abseiling experience of less than 60 metres**

This is a course that covers the technical aspects required to take a group of people on an abseil experience. The hands-on approach will keep learners constantly active, and it is designed to lay a solid foundation in both safety and technical skills. If the principles taught this course are adhered to, and continued with diligence, it will serve as an excellent preparation to ensure successful abseil guide assessment.

### Course 2018 Schedule

3 Full days and 2 evenings of Training

1 Day Assessment

(Note Prices do not include assessment)

Note: These theory and practical training take place either at outdoor venues within an easy day drive from Johannesburg/Pretoria, or courses are also conducted in remote locations, by prior arrangement.

### Course Outline

This is a 2 evening and a 3 day course where we will equip prospective abseil guides with limited climbing knowledge or experience to be able to take their clients on an abseil experience safely. We cover with theory an intro on abseiling gear (care and purchasing), knots, belaying, and rescue systems. You will also be taken through the basics of outdoor ethics and environmental standards required, as well as legal aspects of guiding such as land access and liability, and group management. At the crag you will learn how to set up a correct releasable abseil system, how the methodology works in sorting simple problems such as jammed devices, and practice in their use. You will also be taught on rope skills such as ascending ropes with prussics, and passing knots in the rope on abseil. Lastly they are taught about all potential mountain hazards and how to handle a mountain emergency, the correct procedures, who to contact, and what not to do. The course prepares one for an official NQF assessment after which a certificate is awarded to those who pass. This qualification, is needed together with a first aid qualification and the generic guiding qualification to apply to the local Dept. Tourism as an official Adventure Guide with Abseiling Skills endorsement. Those taking part need to have at least reasonable abseiling/outdoor experience and some degree of physical activity will be involved.

#### Pricing Structure:

R 3500 for 1 Person

R 2500 for 2 People Per Person

R 1800 for 3 People or more Per Person

R 1000 for Assessment Per Person

NQF Registration fee R600 if needed extra.
